Code of Business Conduct

Our Board adopted a code of business conduct and ethics that applies to all of our directors, officers and employees, including our chief executive officer and chief financial officer. Our code of business conduct is a "code of ethics" within the meaning of Item 406(b) of Regulation S-K.

The full text of our corporate governance guidelines and code of business conduct and ethics are available on our website at <https://ir.blacksky.com/governance/governance-documents>. We will post amendments to our code of business conduct and ethics or any waivers of our code of business conduct and ethics for directors and executive officers on the same website.

Role of Our Board of Directors in Risk Oversight

One of the key functions of our Board is informed oversight of our risk management process. We have designed and implemented processes to manage risk in our operations. Management is responsible for the day-to-day management of risks the company faces, while our Board, as a whole and assisted by its committees, has responsibility for the oversight of risk management. Our board reviews strategic and operational risk in the context of discussions, question and answer sessions, and reports from the management team at each regular board meeting, receives reports on all significant committee activities at each regular board meeting, and evaluates the risks inherent in significant transactions.

Our Board does not have a standing risk management committee, but rather administers this oversight function directly through the Board as a whole, as well as through various standing committees of our Board that address risks inherent in their respective areas of oversight. Our audit committee is responsible for overseeing the management of risks associated with our financial reporting, accounting and auditing matters, our compensation committee oversees the management of risks associated with our compensation policies and

programs, and our nominating and corporate governance committee monitors the effectiveness of our corporate governance guidelines.

Our Board believes its current leadership structure supports the risk oversight function of the Board.

Components of Executive Officer Compensation

For 2022, the key elements of the compensation program for our named executive officers consisted of a base salary, target cash incentive bonus awards and grants of equity awards. Base salary was set at a level that the compensation committee determined was commensurate with the executive's respective duties and authorities, contributions, prior experience and sustained performance.

Equity awards granted in 2022 to our named executive officers were made in the form of options and RSUs under the 2021 Equity Incentive Plan (the "2021 Plan").

Executive Compensation Arrangements

Brian O'Toole – President and Chief Executive Officer: Employment Agreement

In connection with the merger, Legacy BlackSky entered into a confirmatory employment letter with Mr. O'Toole, our President and Chief Executive Officer. The confirmatory employment letter has no specific term and provides that Mr. O'Toole is an at-will employee. As set forth in the confirmatory employment letter, Mr. O'Toole's annual base salary is \$465,000 (the "O'Toole Base Salary"), and he was eligible for a target annual cash bonus opportunity for 2022 equal to 100% of the O'Toole Base Salary.

Mr. O'Toole's confirmatory employment letter provides that Mr. O'Toole is eligible to receive annual equity awards under the Company's equity incentive plans, and to receive annual target equity awards consisting of (i) restricted stock units ("RSUs") having a value of \$937,500 (based on our share price on the date of grant), which will generally vest with respect to 25% of the RSUs on the first anniversary of the vesting commencement date and, with respect to the remaining RSUs, in equal quarterly installments thereafter over the following three-year period (in each case subject to continued service through the applicable vesting date), and (ii) an option to purchase a number of shares of our Class A common stock equal to twice the number of shares subject to the RSU award for the applicable year, which will generally vest with respect to 25% of the shares subject to the option on the first anniversary of the vesting commencement date and, with respect to the remaining shares subject to the option, in equal monthly installments thereafter over the following three-year period (in each case subject to continued service through the applicable vesting date). However, the actual

annual equity awards granted to Mr. O'Toole (if any) and the terms of such equity awards will be in the sole discretion of the equity incentive plan's administrator.

Mr. O'Toole participates in the Executive Severance Plan, as described further below, as a Tier 1 participant.

Henry Dubois – Chief Financial Officer: Executive Offer Letter

On August 18, 2021, Legacy BlackSky entered into an executive offer letter with Mr. Dubois, effective August 18, 2021, to serve as the Company's Chief Development Officer. Pursuant to his executive offer letter, Mr. Dubois's annual base salary is \$400,000 (the "Dubois Base Salary"), and he is eligible to participate in the Company's annual incentive bonus program with an annual bonus target of not less than 75% of the Dubois Base Salary.

Mr. Dubois is eligible to receive annual equity awards under the Company's equity incentive plans consisting of (i) an annual award of RSUs having a value of \$875,000 (based on our share price on the date of grant), and (ii) an option to purchase a number of shares of our Class A common stock equal to twice the number of shares subject to the RSU award for the applicable year. However, the actual annual equity awards granted to Mr. Dubois (if any) and the terms of such equity awards will be in the sole discretion of the equity incentive plan's administrator.

On June 10, 2022, the Company entered into an amendment to the executive offer letter with Mr. Dubois in connection with his appointment as the Company's Chief Financial Officer. Pursuant to such amendment, Mr. Dubois' annual bonus target was increased for the period from June 10, 2022 through December 31, 2022, to be 100% of the Dubois Base Salary. The amendment also provided for the grants of an option to purchase 294,228 shares and RSUs covering 219,573 shares, which were granted to Mr. Dubois on June 10, 2022.

Mr. Dubois participates in the Executive Severance Plan, as described further below, as a Tier 2 participant.

Christiana Lin – General Counsel and Chief Administrative Officer: Executive Offer Letter

On August 18, 2021, Legacy BlackSky entered into an executive offer letter with Ms. Lin, effective August 18, 2021, to serve as Legacy BlackSky's General Counsel. Ms. Lin receives an annual base salary of \$375,000 and is eligible to participate in the Company's annual incentive bonus program, with an annual bonus target of not less than 50% of her annual base salary.

Ms. Lin is eligible to receive annual equity awards under the Company's equity incentive plans consisting of (i) an annual award of RSUs having a value of \$750,000, based on our share price on the date of grant, and (ii) an option to purchase a number of shares of our Class A common stock equal to twice the number of shares subject to the RSU award for the applicable year. However, the actual annual equity awards granted to Ms. Lin and the terms of such equity awards will be in the sole discretion of the equity incentive plan's administrator.

Ms. Lin participates in the Executive Severance Plan, as described further below, as a Tier 2 participant.

Johan Broekhuysen – Former Chief Financial Officer: Separation Agreement and Release

On June 9, 2022, Mr. Broekhuysen stepped down from his role as Chief Financial Officer, but remained an employee of BlackSky through August 11, 2022 to assist with transition efforts (the “Transition Period”). In connection with Mr. Broekhuysen’s departure from BlackSky, he entered into a separation and release agreement pursuant to which he continued to receive his annual base salary during the Transition Period and was paid \$705,000 following his separation from BlackSky for one year of base salary and a prorated target bonus pursuant to the terms of the Separation Agreement.

2022 Executive Bonus Program

For 2022, the compensation committee approved a bonus program under the terms of our Executive Incentive Compensation Plan in which each named executive officer participated, provided that Mr. Broekhuysen’s participation ceased in connection with his transition during June 2022 from his role as Chief Financial Officer. The 2022 bonus program required the achievement of certain corporate objectives, and in the case of Mr. Dubois and Ms. Lin, certain corporate objectives and individual objectives. For 2022, the performance metrics for Mr. O’Toole, Mr. Dubois and Mr. Broekhuysen (in the case of Mr. Broekhuysen, during his participation in the program), were Company revenue and cash balance with each of the performance metrics weighted 50% for purposes of their bonus calculations.

For 2022, the performance metrics for Mr. Dubois were (i) for the period from January 1, 2022, through June 9, 2022, Company revenue and cash balance and individualized MBOs, with the Company revenue and cash balance performance metrics each weighed at 40% and the individualized MBOs weighted at 20% for purposes of his bonus calculation, and (ii) for the period from June 10, 2022, through December 31, 2022, Company revenue and cash balance with each of the performance metrics weighted 50% for purposes of his bonus calculation. Mr. Dubois’ individualized MBOs were based on the achievement of certain pipeline development objectives and strategic initiatives. For 2022, the performance metrics for Ms. Lin were Company revenue and cash balance and individualized MBOs, with the Company revenue and cash balance performance metrics each weighed at 40% and the individualized MBOs weighted at 20% for purposes of her bonus calculation. Ms. Lin’s individualized MBOs were based on the achievement of certain legal, operational, and personnel-related objectives. For the portion of each named executive officer’s bonus based on the Company revenue and cash balance performance metrics, the maximum payout was 200% of the target amount. For the portion of each of Mr. Dubois’ and Ms. Lin’s bonus based on their respective individualized MBOs, the maximum payout was 100% of the target amount.

Pursuant to the Company’s Executive Incentive Compensation Plan, the Board (or other committee administering such plan) retains the authority to increase, reduce or eliminate any bonus award under it, based on any factors that the Board (or other administrator, as applicable) determines to be relevant. To earn a bonus award under such plan, participants generally must remain employed with the Company through the date the bonus is paid.

Following the end of the 2022 year, the compensation committee assessed the Company's performance against the performance metrics, and with respect to each of Mr. Dubois and Ms. Lin, performance by the executive against his or her individualized MBOs. For 2022, our named executive officers exceeded the targets set pursuant to the revenue and cash balance performance metrics, and each of Mr. Dubois and Ms. Lin met the applicable targets for such executive's individualized MBOs, which resulted in annual cash awards under our Executive Incentive Compensation Plan for Mr. O'Toole, Mr. Dubois and Ms. Lin being paid out above target in respect of 2022. Also for 2022 as noted further above, a prorated 2022 bonus was paid to Mr. Broekhuysen pursuant to the Separation Agreement in connection with his departure as our Chief Financial Officer during the year. As also noted further above, Mr. Dubois's bonus was adjusted to account for the amendment to his offer letter in connection with his appointment as Chief Financial Officer in June 2022. Bonus eligibility requires the named executive officer's continued employment through the date of payment.

Executive Change in Control and Severance Plan

Legacy BlackSky adopted the BlackSky Technology Inc. Executive Change in Control and Severance Plan (the "Executive Severance Plan"), effective August 16, 2021, to provide enhanced severance benefits for a select group of management or highly compensated employees (within the meaning of ERISA) who are designated by the plan administrator as participants and who have executed a participant agreement. Participants may be designated to receive different levels of benefits under the Executive Severance Plan as a Tier 1, 2 or 3 participant, as determined by the plan administrator and set forth in their applicable Participation Agreements. Mr. O'Toole has been designated as a Tier 1 participant under the Executive Severance Plan, and the other named executive officers have been designated as Tier 2 participants.

Upon a participant's "involuntary termination" (generally defined as a termination of employment (x) by the Company without Cause, as defined in the Executive Severance Plan, and other than due to the participant's death or disability, or (y) by the participant in a Good Reason Termination, as defined in the Executive Severance Plan, and such involuntary termination is not within a "change in control period" as defined below), the participant shall receive: (i) a lump sum payment equal to 150% (for a Tier 1 participant), 100% (for a Tier 2 participant), or 50% (for a Tier 3 participant) of his or her base salary, (ii) a prorated target bonus for the year of termination (and any prior year bonus to the extent earned but not yet paid), and (iii) payment of COBRA premiums (or cash in lieu of) for a period of up to 18 months (for a Tier 1 participant), 12 months (for a Tier 2 participant) or six months (for a Tier 3 participant).

Upon a participant's involuntary termination during the period beginning three months prior to a change in control (as defined in the Executive Severance Plan) and ending 18 months after the change in control (the "change in control period"), the participant shall receive: (i) a lump sum payment equal to 200% (for a Tier 1 participant), 150% (for a Tier 2 participant), or 100% (for a Tier 3 participant) of base salary, (ii) prorated target bonus for year of termination (and any prior year bonus to the extent earned but not yet paid), (iii) payment of COBRA premiums (or cash in lieu of) for a period of up to 24 months (for a Tier 1 participant), 18 months (for a Tier 2 participant), or 12 months (for a Tier 3 participant), and (iv) full vesting of time-based equity awards.

All payments under the Executive Severance Plan are contingent on the participant's execution of a separation agreement and release of claims in favor of BlackSky. In the event any payments would constitute

“parachute payments” under Section 280G of the U.S. Internal Revenue Code of 1986, as amended (the “Code”) and would be subject to the excise tax under Section 4999 of the Code, the participant is entitled to receive either the full amount of such payments, or an amount reduced to the extent necessary to avoid imposition of the excise tax, determined on a “best net after-tax” basis to the participant.

401(k) Plan

We maintain a 401(k) retirement savings plan, for the benefit of our employees, including our named executive officers, who satisfy certain eligibility requirements. Our 401(k) plan provides eligible employees with an opportunity to save for retirement on a tax-advantaged basis. Under our 401(k) plan, eligible employees may elect to defer a portion of their compensation, within the limits prescribed by the Code and the applicable limits under the 401(k) plan, on a pre-tax or after-tax (Roth) basis, through contributions to the 401(k) plan. All of a participant’s deferral contributions into the 401(k) plan are 100% vested when contributed. The 401(k) plan permits us to make discretionary nonelective employer contributions and discretionary matching employer contributions. Any nonelective employer contribution allocated to a participant will be scheduled to vest as to 25% of such contribution when the participant completes two years of service and as to 25% of such contribution when the participant completes each additional year of service. Any matching employer contributions are 100% vested when contributed. The 401(k) plan is intended to qualify under Sections 401(a) and 501(a) of the Code. As a tax-qualified retirement plan, pre-tax contributions to the 401(k) plan and earnings on those pre-tax contributions are not taxable to the employees until distributed from the 401(k) plan, and earnings on Roth contributions generally are not taxable when distributed from the 401(k) plan.

Director Compensation

In September 2021 in connection with the closing of the merger, our Board adopted an outside director compensation policy (the “Outside Director Compensation Policy”). The Outside Director Compensation Policy is designed to align the interests of the non-employee directors with the interests of stockholders through equity awards and to attract and retain high quality non-employee directors by providing competitive compensation. On March 6, 2023, our Board adopted an amended outside director compensation policy (the “Amended Outside Director Compensation Policy”) to permit directors to elect to receive their annual cash retainer in BlackSky stock instead of cash. All compensation paid to our non-employee directors for fiscal year 2021 and 2022 was pursuant to the Outside Director Compensation Policy adopted at the time of the merger.

Cash Compensation

The Outside Director Compensation Policy provides for an annual cash retainer of \$90,000, which is payable quarterly in arrears on a prorated basis. There are no additional retainers for service as a member (or chairperson) of a committee of our Board, as chairperson of our Board, or as lead director and no pre-meeting attendance fees for attending meetings of our Board or any of our committees. Pursuant to our Amended Outsider Director Compensation Policy, beginning in the third quarter of 2023, directors who elect to receive the annual retainer in shares of our Class A common stock, instead of cash, will begin receiving such retainer in shares of our stock.

Equity Compensation

Initial Award. Pursuant to the Outside Director Compensation Policy, each individual who becomes a non-employee director will receive, on the first trading day on or after the date that the individual first becomes a non-employee director, an initial award (the “Initial Award”) of restricted stock units with a grant date fair value equal to \$300,000. The Initial Award will be scheduled to vest as to one-third of the shares subject to the Initial Award on each of the one-, two-, and three-year anniversaries of the Initial Award’s grant date, subject to continued service through the applicable vesting dates. If the person was a member of the BlackSky Board and also an employee, becoming a non-employee director due to termination of employment will not entitle the individual to an Initial Award.

Annual Award. Pursuant to the Outside Director Compensation Policy, each non-employee director automatically will receive, on the first trading day immediately after the date of each annual meeting of our stockholders, an annual award (the “Annual Award”) of restricted stock units covering a number of shares of our common stock having a grant date fair value of \$150,000, provided that such individual, as of the date of an annual meeting of our stockholders, has served as a non-employee director for at least six months. Each Annual Award will be scheduled to vest as to all of the shares subject to the Annual Award on the one-year anniversary of the Annual Award’s grant date, or if earlier, the day of the next annual meeting of stockholders that occurs after the grant date of the Annual Award, subject to continued service through such vesting date.

Other Initial Award and Annual Award Terms . Each Initial Award and Annual Award will be granted under the 2021 Plan (or its successor plan, as applicable) and form of award agreement under such plan. For purposes of each Initial Award and Annual Award, the award's grant date fair value will be determined in accordance with U.S. Generally Accepted Accounting Principles.

Change in Control. In the event of a change in control, as defined in the 2021 Plan (or its successor plan, as applicable), each non-employee director's then-outstanding equity awards covering shares of our common stock that were granted to him or her while a non-employee director will accelerate vesting in full, provided that he or she remains a non-employee director through the date of the change in control.

Director Compensation Limits. The Outside Director Compensation Policy provides that in any fiscal year, a non-employee director may not be granted equity awards, the value of which will be based on their grant date fair value determined in accordance with U.S. Generally Accepted Accounting Principles, and be provided any other compensation (including without limitation any cash retainers or fees) in amounts that, in any fiscal year, in the aggregate, exceed \$500,000, provided that in the fiscal year of the individual's initial service as a non-employee director, such amount will be increased to \$800,000. Equity awards granted or other compensation provided to an individual for his or her services as employee, or for his or her services as a consultant (other than as a non-employee director), will not count toward this annual limit.

Director Compensation for Fiscal Year 2022

The following table sets forth information regarding the total compensation awarded to, earned by or paid to our non-employee directors for their service on our Board, for the fiscal year ended December 31, 2022. Directors who are also our employees receive no additional compensation for their service as directors. During 2022, Mr. O'Toole was an employee and executive officer of the Company and therefore, did not receive compensation as a director. See "Executive Compensation" for additional information regarding Mr. O'Toole's compensation.

Security Ownership of Certain Beneficial Owners and Management

The following table sets forth information regarding the beneficial ownership of our Class A common stock as of March 1, 2023, by:

- each person or group of affiliated persons known to us to be the beneficial owner of more than 5% of our outstanding Class A common stock;
- each of our named executive officers and directors; and
- all of our executive officers and directors as a group.

Beneficial ownership is determined according to the rules of the SEC, which generally provide that a person has beneficial ownership of a security if he, she or it possesses sole or shared voting or investment power over that security. Under those rules, beneficial ownership includes securities that the individual or entity has the right to acquire, such as through the exercise of stock options, within 60 days of March 1, 2023. Shares subject to options that are currently exercisable or exercisable within 60 days of March 1, 2023 are considered outstanding and beneficially owned by the person holding such options for the purpose of

computing the percentage ownership of that person but are not treated as outstanding for the purpose of computing the percentage ownership of any other person.

Except as noted by footnote, and subject to community property laws where applicable, based on the information provided to us, we believe that the persons and entities named in the table below have sole voting and investment power with respect to all shares shown as beneficially owned by them. The beneficial ownership percentages in the table below are calculated based on 122,002,575 shares of Class A common stock issued and outstanding as of March 1, 2023.

Pre-Merger Combination Related Party Transactions of Legacy BlackSky

LeoStella Joint Venture

In March 2018, Legacy BlackSky formed a 50-50 joint venture, LeoStella LLC ("LeoStella"), with Thales Alenia Space US Investment LLC ("Thales"), the parent company of Seahawk SPV Investment LLC ("Seahawk"), then a principal stockholder of Legacy BlackSky, pursuant to an amended and restated limited liability company agreement dated March 12, 2018, as amended on October 30, 2018 (the "LeoStella LLC Agreement"). In connection with the formation of LeoStella, Legacy BlackSky entered into a contribution agreement, dated March 12, 2018, with LeoStella, pursuant to which Legacy BlackSky contributed certain satellite-related intellectual property licenses as identified in the technology license agreement executed contemporaneously therewith, a contract needed to effectuate the SPC (defined below), manufacturing equipment, related books and records, and cash. The value of Legacy BlackSky's contribution to LeoStella totaled approximately \$7.0 million. Legacy BlackSky also transferred the employment of certain employees to LeoStella and, pursuant to a reciprocal secondment agreement, agreed to assume and pay all liabilities relating to such transferred employees subject to a later right of reimbursement by LeoStella. Thales also contributed cash to LeoStella as part of its contribution consideration. In addition, Legacy BlackSky, Thales Alenia Space France, and LeoStella entered into a technology license agreement whereby Legacy BlackSky licensed to LeoStella certain satellite technology solely for LeoStella to conduct its business, including licensed technology to produce and sell Gen-2 satellites.

The LeoStella LLC Agreement grants LeoStella certain exclusivity and/or right of first refusal and right of last offer rights with respect to the supply of BlackSky's satellites and certain related services to us, subject to certain exceptions.

Concurrently with the formation of LeoStella in March 2018, BlackSky's subsidiary, BlackSky Global LLC ("BlackSky Global"), entered into a satellite program contract with LeoStella, as amended in February 2019 and May 2020 (the "SPC"), pursuant to which Legacy BlackSky agreed to procure the design, development, manufacture, testing and assembly of a certain number of Gen-2 satellites from LeoStella, with options to purchase additional Gen-2 satellites, additional support services, ground station support equipment, and/or procurement items as and when needed.

In October 2019, Legacy BlackSky entered into a side letter agreement with LeoStella and Seahawk, pursuant to which the parties agreed to reduce BlackSky Global's commitment to purchase satellites under the SPC, provided that specified third parties could purchase the satellites from LeoStella that BlackSky elected not to purchase, and in exchange, Legacy BlackSky and BlackSky Global agreed to remit at least \$2.0 million a month to LeoStella for the payment of amounts due under the SPC, subject to certain acceleration payments. The parties subsequently amended the side letter agreement to modify the payment schedule in July 2020 and February 2021. For the years ended December 31, 2022 and 2021, Legacy BlackSky remitted approximately

\$11.2 million and \$19.3 million, respectively, to LeoStella. BlackSky Global does not have any ongoing obligations to LeoStella under the SPC.

In February 2021, BlackSky Global entered into a vendor services agreement (“VSA”) with LeoStella pursuant to which LeoStella will, among other services, manufacture and supply Gen-3 satellites for BlackSky Global. In connection with the execution of the VSA, the parties also entered into a technology license agreement pursuant to which BlackSky Global granted LeoStella rights to certain aspects of its Gen-3 satellite technology. The number of Gen-3 satellites that BlackSky Global is committed to order under the VSA is contingent upon certain criteria, including amounts raised in financing. LeoStella provides services under the VSA pursuant to work orders that are entered into between the parties from time to time. To date, the parties have entered into six work orders. BlackSky Global is also obligated under the VSA to enter into further work orders for the manufacture of Gen-3 satellites, the terms of which have not been finalized. Work orders executed to date have included design review services, time and materials necessary to construct Gen-3 satellites for third-party customers, time and materials for a study, and several authorizations to order certain long-lead parts and/or time-sensitive parts and labor. For the years ended December 31, 2022 and 2021, BlackSky Global remitted approximately \$16.8 million and \$6.3 million, respectively, to LeoStella under the VSA.

Thales Related Operational Agreements

As part of Seahawk’s investment in Legacy BlackSky, on March 7, 2018, Legacy BlackSky, BlackSky Global, and Telespazio, S.p.A. (“Telespazio”) entered into a joint cooperation and marketing agreement (the “JCMA”) and BlackSky Global and Telespazio entered into a reseller agreement. Telespazio is a joint venture between Leonardo S.p.a., an Italian publicly traded company, and Thales S.A., a French publicly traded company. Pursuant to the reseller agreement, Telespazio was appointed as BlackSky Global’s reseller for specified customers in the European Union for a guaranteed term, which term is automatically extended if Telespazio meets certain sales thresholds, and as a reseller of BlackSky Global products and services worldwide (excluding the People’s Republic of China). The JCMA expired in March 2023. To date, we have not generated any significant revenues in connection with the Telespazio reseller agreement.

In April 2019, Legacy BlackSky and its affiliates transferred their existing intellectual property to a newly formed, wholly owned BlackSky subsidiary, SFI IP Holdco (“IP Holdco”). Contemporaneously therewith, IP Holdco entered into a license agreement with Seahawk granting Seahawk a license to utilize IP Holdco’s intellectual property (the “IP Holdco License”); provided, however, that Seahawk may not exercise its rights under the IP Holdco License unless and until the intellectual property included therein is released from escrow upon the occurrence of a bankruptcy event of IP Holdco or any of its affiliates. In accordance with the IP Holdco License, IP Holdco deposited the required intellectual property under a three-party escrow service agreement with Iron Mountain Intellectual Property Management, Inc. and Seahawk. The IP Holdco License automatically terminated in connection with BlackSky’s financings in 2021, and BlackSky is beginning to explore options to discontinue the Iron Mountain escrow agreement.

BlackSky Holdings Inc. is the sole member of IP Holdco. The board of directors of IP Holdco include a director designated by Seahawk, a director designated by BlackSky and an independent director.

In connection with the execution of the VSA, BlackSky Global also entered into a technology license agreement with Seahawk pursuant to which BlackSky Global granted Seahawk additional rights to certain aspects of its Gen-3 satellite technology (“Seahawk Gen-3 License”); provided, however, that, like the IP Holdco License, Seahawk may not exercise its rights under the Seahawk Gen-3 License unless and until the intellectual property included therein is released from escrow upon the occurrence of a bankruptcy event of BlackSky Global and LeoStella. The Seahawk Gen-3 License automatically terminated in connection with BlackSky’s financings and merger in 2021.

Finally, on May 10, 2021, BlackSky Global and Thales Alenia Space France entered into an agreement under which BlackSky Global agreed to purchase telescopes (the “Supply Contract”) for certain of its Gen-3 satellites for a total purchase price of \$11.0 million, subject to customary commercial purchase conditions. On January 20, 2022, the parties amended the Supply Contract to increase the scope of work to include integration and other activities, which increased the total price to \$16.4 million. On February 4, 2022, the parties executed a second amendment to the Supply Contract to correct a scrivener’s error.

SVB Loan and Security Agreement and Omnibus Guaranty Agreement

On June 27, 2018, Legacy BlackSky entered into an Amended and Restated Loan and Security Agreement (the “Term Loan Agreement”) with Silicon Valley Bank (“SVB”), which provided for a secured revolving loan in an aggregate principal amount of up to \$17.0 million and a secured term loan in an aggregate principal amount of up to \$17.5 million. In September 2021, the SVB term loan was repaid in full. Prior to repayment, the Term Loan Agreement was amended as follows: First Amendment (August 2018), Consent and Second Amendment (October 2018), Third Amendment (April 2019), Forbearance Fourth Amendment (September 2019), Fifth Amendment (October 2019), Sixth Amendment (March 2020), Seventh Amendment, (June 2020), Eighth Amendment (December 2020) and Ninth Amendment (February 2021). The SVB loan facility accrued interest at a floating rate per annum of 2% above the prime rate and was secured by certain pledged accounts of Legacy BlackSky and its subsidiaries and certain of Legacy BlackSky’s investors and is further guaranteed by the same investors. In connection with the Term Loan Agreement, Legacy BlackSky entered into an Omnibus Guaranty Agreement, dated June 27, 2018 (the “Omnibus Guaranty Agreement”), pursuant to which certain existing investors were issued (1) warrants for Legacy BlackSky Class A common stock in exchange for the investors’ guarantees of up to \$17.0 million of the SVB secured revolving loan; and (2) shares of Legacy BlackSky Class B common stock issued to each investor pro rata according to the value of guarantee.

The table below sets forth (i) the number of shares of Legacy BlackSky Class A common stock that warrants were exercisable for and (ii) shares of Legacy BlackSky Class B common stock received by Legacy BlackSky directors, executive officers and holders of more than 5% of any class of Legacy BlackSky’s voting securities in connection with the guarantees:

The Seahawk guaranteed amount was held in a Legacy BlackSky bank account that was pledged to SVB. Further, in connection with the Term Loan Agreement, Legacy BlackSky issued to Seahawk warrants exercisable for an aggregate of 700,000 shares of Legacy BlackSky Class A common stock.

The aggregate principal balance of the SVB term loan of \$17.0 million was repaid in full as of October 31, 2019. On August 31, 2021, Legacy BlackSky executed a payoff letter to repay in full all amounts due and owing, and terminate all commitments and obligations pursuant to the Term Loan Agreement and all related loan documents with SVB. Pursuant to the payoff letter, Legacy BlackSky agreed to pay SVB approximately \$16 million, which included pay-off amounts for the principal, interest, fees, reimbursement of expenses and other items, and confirmed upon payment in full, the release of all guaranties, liens and other security over the properties and assets of Legacy BlackSky and its subsidiaries securing any obligations under the Term Loan Agreement, other than cash collateral securing specified bank services. On September 9, 2021 the SVB term loan was repaid in full and all associated guaranties, liens and other security interest under the SVB Term Loan Agreement were released. Cash collateral securing bank services with SVB continues to be subject to pledges in favor of SVB. Additionally, in connection with the payoff of the Term Loan Agreement in September 2021, approximately \$2.8 million of funds used to cash collateralize the loans under the Term Loan Agreement was transferred to Legacy BlackSky's main operating account with SVB.

Andrews Notes

On November 13, 2018, Legacy BlackSky entered into subordinated promissory notes with each of Jason Andrews and Marian Joh, the founders of BlackSky, for an aggregate amount of \$12.5 million, in connection with their separation from Legacy BlackSky (the "Andrews Notes"). The Andrews Notes accrued interest at 6% per annum, were non-convertible and were scheduled to mature upon a change of control or event of default. In addition, the promissory notes were subject to partial prepayment of \$1.25 million upon a qualified financing of \$42.5 million (exclusive of amounts raised due to conversion of securities issued in connection with the Legacy BlackSky Series C preferred stock financing or under the Omnibus Guaranty Agreement), \$21.25 million of which had to be invested by new money investors. Legacy BlackSky paid

\$25,000 in interest and \$0 in principal for each of the years ended December 31, 2020, 2019, and 2018. On April 27, 2021, with the consent of our senior lenders, Legacy BlackSky entered into an agreement with the Founders under which Legacy BlackSky paid the Founders \$750,000 towards the principal of the Founders Notes on April 28, 2021 in addition to a payment of \$1.75 million towards the principal of the Andrews Notes in September 2021 in connection with the closing of the merger. As of September 30, 2021, the outstanding principal balance of the Andrews Notes was \$10.0 million and accrued interest payable was \$2,061,165.

On December 7, 2021, with the consent of our senior lenders, we entered into an agreement with the Founders under which we issued the Founders 958,082 shares of our Class A common stock in full satisfaction of amounts owed under the Andrews Notes, and the Andrews Notes were cancelled.

Convertible Loan and Security Agreement

On October 19, 2017, Legacy BlackSky entered into a Loan and Security Agreement, as amended by a First Amendment, dated March 12, 2018, a Second Amendment, dated April 15, 2019, a Third Amendment, dated July 10, 2019, and as further amended in October 30, 2019 (the “TAS CLA”) with Seahawk, for a term loan of up to \$50.0 million, maturing October 19, 2021. The term loan accrues interest at a rate equal to 6-month LIBOR plus 7% on a cash basis and 6-month LIBOR plus 8% on a payment in kind basis (mandatory in lieu of cash through January 1, 2020). The term loan is prepayable upon 15 business days’ notice and convertible at the option of Seahawk upon the earlier of a qualified financing, March 31, 2020, or any optional prepayment. In connection with the Third Amendment, additional investors joined the TAS CLA for an additional \$14.0 million. In connection with Legacy BlackSky entering into the Intelsat Facility in October 2019, the outstanding TAS CLA and accrued interest was converted into Legacy BlackSky Series C preferred stock as described below. For each of the years ended December 31, 2019 and 2018, Legacy BlackSky paid \$0 in principal and \$0 in interest on the TAS CLA.

Intelsat Facility

On October 31, 2019, Legacy BlackSky and its Subsidiaries entered into a secured loan facility (the “Intelsat Facility”) with Seahawk and Intelsat Jackson Holdings S.A. (“Intelsat”), as lenders, and Intelsat, as agent for the lenders. The Intelsat Facility provides for a secured term loan of up to approximately \$68.5 million (including approximately \$18.5 million of existing principal and accrued interest owed to Seahawk under the TAS CLA which was amended and rolled into the Intelsat Facility) and an uncommitted incremental secured term loan facility of up to approximately \$41.6 million. The allowance for a \$25.0 million commercial credit facility with a commercial lender is counted against such incremental capacity. The Intelsat Facility is secured by substantially all of our assets and subsidiaries. The Intelsat Facility accrues interest at 4% per annum until October 31, 2022 (which interest is paid in kind), 9% per annum from November 1, 2022 to October 31, 2023, and 10% per annum from November 1, 2023 to the maturity date of October 31, 2024. In connection with entering into the Intelsat Facility, Legacy BlackSky amended and restated the Series C Omnibus Agreement, as further described below. In addition, warrants to purchase 20,251,504 shares of Legacy BlackSky Class A common stock and 18,709,116 shares of Legacy BlackSky Class A common stock

were issued to Intelsat and Seahawk, respectively. On the date of the closing of the merger, the warrants converted into warrants (i) to purchase shares of our Class A common stock, in each case in an amount equal to the product of the number of shares of Legacy BlackSky Class A common stock into which each such warrant is exercisable as of immediately prior to the merger closing, multiplied by the applicable exchange ratio and (ii) with an exercise price per share of our Class A common stock equal to the quotient of the exercise price of such warrant divided by the applicable exchange ratio.

As of March 1, 2023, the outstanding principal balance of the Intelsat Facility was \$77.1 million and accrued interest was \$2.3 million. For the fiscal years ended December 31, 2022 and 2021, Legacy BlackSky paid no principal or interest under the Intelsat Facility.

In connection with entering into the Intelsat Facility, Legacy BlackSky entered into a Right of First Offer Agreement with Intelsat (the “Right of First Offer Agreement”). Pursuant to the terms of the Right of First Offer Agreement, prior to commencing or engaging in a sale of Legacy BlackSky, Legacy BlackSky is obligated to provide written notice of any such proposed sale to Intelsat and Intelsat will have the opportunity to provide Legacy BlackSky with an offer to purchase Legacy BlackSky (an “Intelsat Offer”). Pursuant to the terms of the Right of First Offer Agreement, if Legacy BlackSky does not accept an acquisition offer made by Intelsat, Legacy BlackSky would be permitted to negotiate and enter into an alternative sale transaction, so long as the total enterprise value for Legacy BlackSky and its subsidiaries is greater than 110% of the value implied by any Intelsat Offer. The Right of First Offer Agreement is scheduled to expire on October 31, 2026. This description of the Right of First Offer Agreement is only a summary. On September 9, 2021, Legacy BlackSky and its subsidiaries entered into a First Amendment, Consent and Joinder to Amended and Restated Loan and Security Agreement (“Intelsat Amendment”) with Intelsat and Seahawk to amend the Intelsat Facility. The Intelsat Amendment (i) makes certain conforming changes to account for Legacy BlackSky and its subsidiaries becoming subsidiaries of the Company, including adjusting the change of control definition, (ii) contains a consent to the extension of the timeline for the joinder of BlackSky Europe Limited, a company organized under the laws of England and Wales and (iii) adds the Company and BlackSky International LLC, a Delaware limited liability company and subsidiary of the Company, as Co-Borrowers under the Intelsat Facility.

Conversion of TAS CLA

In connection with the signing of the Intelsat Facility in October 2019, and pursuant to the amended and restated TAS CLA, the TAS CLA was converted into Legacy BlackSky Series C preferred stock at a 64% discount to the lower of (a) the lowest cash price per share paid for the Legacy BlackSky Series C preferred stock or (b) the then-current per share conversion price of the Legacy BlackSky Series C preferred stock in effect at the time of such conversion. The table below sets forth the outstanding shares of Legacy BlackSky Series C preferred stock received upon conversion of the TAS CLA by Legacy BlackSky’s directors, executive officers and holders of more than 5% of any class of Legacy BlackSky’s voting securities:

RRE Ventures VI, LP	Will Porteous	\$1,680,746	973,181
Apogee LLC	Shawn Dougherty	\$461,738	267,354

On the date of the closing of the merger, the 2,281,923 shares of Legacy BlackSky Series C preferred stock owned by the above-named parties converted into 1,094,729 shares of our Class A common stock at an exchange ratio of 0.4797 based on the terms of the Agreement and Plan of Merger between Osprey and Legacy BlackSky, dated February 17, 2021 (the “Merger Agreement”).

Mithril Series C Warrant Conversion

2021 Bridge Notes

On February 2, 2021, Legacy BlackSky amended the Omnibus Guaranty Agreement, dated as of June 27, 2018, by and among Legacy BlackSky and the persons and entities listed therein (the “2021 Omnibus Amendment”). The 2021 Omnibus Amendment allowed Legacy BlackSky to incur additional indebtedness in connection with subordinated, unsecured convertible promissory notes (the “2021 Bridge Notes”) issuable between February 2, 2021 and June 30, 2021 up to an aggregate principal amount of \$60.0 million (the “2021 Bridge Financing”). In connection with the 2021 Omnibus Amendment, the investors guaranteeing the SVB revolving line of credit further reaffirmed their guarantees and received a one-time issuance of seven shares of Legacy BlackSky Class A common stock for every dollar guaranteed.

In February 2021, Legacy BlackSky issued the 2021 Bridge Notes. The initial tranche of the 2021 Bridge Notes closed on February 2, 2021, in connection with which all investors, who were existing investors in Legacy BlackSky, participating in the initial tranche also received incentive warrants exercisable for shares of Legacy BlackSky Class A common stock, in an amount equal to a specified formula. Each investor in the initial tranche also received an additional seven incentive shares of Legacy BlackSky Class A common stock for each dollar invested. The aggregate principal amount of the notes issued in the initial tranche was approximately \$18.1 million. The second tranche of the 2021 Bridge Notes closed on February 18, 2021, totaled \$40.0 million, \$10 million of which was invested by an affiliate of Mithril Capital Management (of which Ajay Royan, a member of Legacy BlackSky’s board of directors, is Managing Director) and from certain other investors (collectively, the “Second Tranche Bridge Financing Investors”). In addition to their investment in the second tranche of the 2021 Bridge Financing, each of the Second Tranche Bridge Financing Investors or their affiliates also participated in the PIPE Investment. The second tranche of the 2021 Bridge Notes did not receive any incentive warrants or incentive shares.

The 2021 Bridge Notes accrued interest at 5.0% per annum. All 2021 Bridge Notes, whether or not issued in the first or second tranche, were converted into shares of our Class A common stock, at a conversion price per share equal to 80% of the product of (i) the number of shares of our capital stock into which one share of Legacy BlackSky Class A common stock was converted pursuant to the merger, and (ii) \$10.00.

The table below sets forth the 2021 Bridge Notes received by Legacy BlackSky’s directors, executive officers and holders of more than 5% of any class of Legacy BlackSky’s voting securities:

Investor	Affiliated Director(s) or Officer(s)	Tranche	Principal Amount of 2021 Bridge Notes	Warrant Shares	Incentive Shares
Mithril II LP	Ajay Royan	1 and 2	\$15,000,000	Product of BlackSky fully diluted capitalization and 3.5%	35,000,000
VCVC IV LLC	n/a	1	\$5,000,000	Product of BlackSky fully diluted capitalization and 0.7%	35,000,000
Apogee VII LLC	Shawn Dougherty	1	\$1,450,000	Product of BlackSky fully diluted capitalization and (i) 0.14% multiplied by (ii) (A) \$1,450,000 divided by (B) \$1,000,000	10,150,000
RRE Ventures VI, LP	Will Porteous	1	\$800,000	Product of BlackSky fully diluted capitalization and 0.7%	5,600,000

On September 9, 2021 at the closing of the merger, the principal and interest outstanding under the 2021 Bridge Notes converted into the right to receive the shares of our Class A common stock according to the formula set forth above. Each incentive warrant was automatically exercised in connection with the merger. On the date of the closing of the merger, these warrants and all incentive shares and 2021 Bridge Note shares of Legacy BlackSky Class A common stock converted into shares of our Class A common stock at an exchange ratio of .0891 based on the terms of the Merger Agreement.

Certain Relationships and Related Person Transactions—Osprey

In June 2018, the Sponsor purchased 125,000 shares (the “Founder Shares”) of Osprey’s Class B common stock for an aggregate price of \$25,000. In September 2018, Osprey effectuated a 69-for-1 forward stock split of its Class B common stock, resulting in an aggregate of 8,625,000 Founder Shares outstanding, of which an aggregate of up to 1,125,000 shares were subject to forfeiture to the extent the underwriters’ over-allotment option was not exercised in full or in part. As adjusted for the 1.1 for 1 stock dividend in October 2019 (see below), such amounts totaled 9,487,500 Founder Shares outstanding, of which 1,237,500 shares were subject to forfeiture. In April 2019, the Sponsor contributed back to Osprey, for no consideration, 1,581,250 Founder Shares (as adjusted for the 1.1 for 1 stock dividend in October 2019), resulting in an aggregate of 7,187,500 Founder Shares outstanding, of which an aggregate of up to 937,500 shares were subject to forfeiture. In October 2019, Osprey effected a 1.1 for 1 stock dividend for each share of Class B common stock outstanding, resulting in an aggregate of 7,906,250 Founder Shares outstanding, of which an aggregate of up to 1,031,250 shares were subject to forfeiture by the Sponsor to the extent that the

underwriters' over-allotment option was not exercised in full or in part so that the Sponsor would own, on an as-converted basis, approximately 20% of Osprey's issued and outstanding shares after the initial public offering. The Founder Shares automatically converted into our Class A common stock upon the consummation of the merger on a one-for-one basis, subject to adjustments. In connection with the underwriters' exercise of the over-allotment option in full, 1,031,250 Founder Shares are no longer subject to forfeiture.

Pursuant to the Sponsor Support Agreement entered into among Legacy BlackSky, Osprey and the Sponsor, the Sponsor, solely in its capacity as a stockholder of Osprey, agreed, subject to certain limited exceptions, not to transfer, assign or sell 50% of the 125,000 shares (the "Founder Shares") of Osprey's Class B common stock that it purchased (and shares of our Class A common stock issued upon conversion) for seven years, or until their earlier release in two tranches (each equal to approximately one-half of the restricted Founder Shares held by the Sponsor) in the event our Class A common stock reaches a trading price of \$15.00 and \$17.50, respectively, for 10 of any 20 consecutive trading days after the date of the closing of the merger. The release of the transfer restrictions will be automatically accelerated if we complete a change in control transaction that results in a trading price or consideration payable with respect to a share of our Class A common stock exceeding \$10.00, as equitably adjusted for any stock split, reverse stock split, cash dividend, stock dividend, reorganization, recapitalization, reclassification, combination, exchange of shares or other like change or transaction. Additionally, pursuant to the Sponsor Support Agreement, the Sponsor has agreed, with respect to certain warrants, to not exercise any such warrants unless and until our Class A common stock reaches a trading price of \$20.00 per share, in each case, subject to the terms and conditions contemplated by the Sponsor Support Agreement.

Administrative Support Agreement

Osprey entered into an agreement whereby, commencing on November 5, 2019, Osprey agreed to pay the Sponsor a total of \$10,000 per month for office space, utilities and secretarial and administrative support. As of the date of the closing of the merger, Osprey ceased paying these monthly fees. For the nine months ended September 30, 2021 and the year ended December 31, 2020, Osprey incurred and paid \$90,000 and \$120,000 in fees for these services, respectively.

Related Party Loans

In order to finance transaction costs in connection with a business combination, the Sponsor, an affiliate of the Sponsor, or our officers and directors may have loaned, but were not obligated to loan, to Osprey funds from time to time or at any time, as may have been required ("Working Capital Loans"). Each Working Capital Loan would have been evidenced by a promissory note. The Working Capital Loans would either have been paid upon consummation of a business combination, without interest, or, at the holder's discretion, up to \$1,500,000 of the Working Capital Loans may have been converted into warrants at a price of \$1.00 per warrant. The warrants would have been identical to the Private Placement Warrants. As of the closing of the merger, all Working Capital Loans were fully satisfied and terminated.

Procedures with Respect to Review and Approval of Related Person Transactions

Our Board adopted a formal written policy for the review and approval of transactions with related persons. Such policy requires, among other things, that:

- any related person transaction, and any material amendment or modification to a related person transaction, must be reviewed and approved or ratified by an approving body comprised of the disinterested and independent members of our Board or any committee of our Board, provided that a majority of the members of the Board or such committee, respectively, are disinterested; and
- any employment relationship or transaction involving an executive officer and any related compensation must be approved by the compensation committee of our Board or recommended by the compensation committee to our Board for its approval.

In connection with the review and approval or ratification of a related person transaction:

- management must disclose to the approving body the name of the related person and the basis on which the person is a related person, the related person's interest in the transaction, the material terms of the related person transaction, including the business purpose of the transaction, the approximate dollar value of the amount involved in the transaction, the approximate dollar value of the amount of the related person's interest in the transaction and all the material facts as to the related person's direct or indirect interest in, or relationship to, the related person transaction;
- management must advise the approving body as to whether the related person transaction complies with the terms of our agreements, including the agreements governing our material outstanding indebtedness, that limit or restrict our ability to enter into a related person transaction;
- management must advise the approving body as to whether the related person transaction will be required to be disclosed in applicable filings under the Securities Act or the Exchange Act, and related rules, and, to the extent required to be disclosed, management must ensure that the related person transaction is disclosed in accordance with such statutes and related rules; and
- management must advise the approving body as to whether the related person transaction may constitute a "personal loan" for purposes of Section 402 of the Sarbanes-Oxley Act.

In addition, the related person transaction policy provides that the approving body, in connection with any approval of a related person transaction involving a non-employee director or director nominee, should consider whether such transaction would compromise the director or director nominee's status as an "independent" or "non-employee" director, as applicable, under the rules and regulations of the SEC and any exchange on which our securities are listed.

Director Independence

The NYSE listing standards require that a majority of our board of directors be independent. An “independent director” is defined generally as a person who has no material relationship with the listed company, either directly or as a partner, stockholder or officer of an organization that has a relationship with the company. Our Board has determined that each of Mr. Porteous, Dr. Abraham, Ms. Gordon, Mr. Harvey and Mr. Tolonen, representing five of our seven directors, do not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is an “independent director” as defined under the listing standards of the NYSE. In making these determinations, our Board considered the current and prior relationships that each non-employee director has with BlackSky and all other facts and circumstances that the board deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director, and the transactions involving them. Our independent directors have regularly scheduled meetings at which only independent directors are present.

There are no family relationships among any of our directors, director nominees or executive officers.

Item 14. Principal Accountant Fees and Services

Auditor Independence

In 2022, there were no other professional services provided by Deloitte, other than those listed above, that would have required our audit committee to consider their compatibility with maintaining the independence of Deloitte.

Audit Committee Policy on Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

Effective upon the closing of the merger in September 2021, our audit committee established a policy governing our use of the services of our independent registered public accounting firm. Under this policy, our audit committee is required to pre-approve all services performed by our independent registered public accounting firm in order to ensure that the provision of such services does not impair such accounting firm's independence. All services provided by Deloitte for our fiscal year ended December 31, 2022 were pre-approved by our audit committee.
